- ~ Oat Milk +RM3

*When milk exceeds 65°-70° degrees it rapidly begins to break down and as it approaches boiling point, the milk not only loses its texture but begins to sour, which in turn sours the flavour of your coffee. Therefore we steam our milk at about 60°-65° degrees. If you prefer your coffee extra hot, please inform our friendly service crew.*

### WHOLE BEAN COFFEE BAG

#### Blends
